

Seabrook Beach Civic Association

SUMMER 2014

The Seabrook Beach Civic Association's
Board and Officers
Welcomes you to SUMMER 2014!!!
by Susan Spruce

Finally, after a long, hard, windy, snowy, cold winter we look forward to wonderful warmth and plenty of fun, food, and company! On that note, our flags made it up for Flag Day, flowers are blooming and colorful and we have celebrated the Fourth of July!

We are grateful for the many new members who have joined in our many endeavors. Our community has grown. There are many new houses and new homeowners in some existing homes, which means more committed residents and therefore more hearts and hands to keep it safe and beautiful.

Beautification is the major goal of the SBCA. As well as planting flowers in the pots at the entrances to the beach and maintaining the area bordering the parking area on the harbor, several of our members assure the flag on RT. 286 is appropriately raised/lowered and cared for, the welcome sign near the bridge leading into Hampton is in good repair, and the main entrance to the beach at 1A and Hooksett Street is attractively kept.

We would like to remind our guests that we have a IF you take it on the beach - you MUST take it off policy to keep our beach clean and that dogs are allowed on a leash on the beach, but only before 8:00AM and after 6:00PM. (continued)

Welcome back to the beach, Officer Deshaies

The Seabrook Beach Civic Association' Board and Officers
Welcomes you to SUMMER 2014!!!

The benches at entrances and on the pathways
to the beach are another focus of the
Association which all beach goers enjoy!

© M. Dow

Mary Dow, Photography

Benches require much maintenance, so if you
ever notice a problem, please let someone on
the board know. And if you can help, let them
know that as well. You can find a listing of the
board in this Newsletter.

To reiterate the words our president, Phyllis
Farfaras, who welcomed you with last year, and I
quote "the Association has been truly blessed
with hard working, talented and involved
members. It is their passion, dedication and
enthusiasm that makes this Village District the
best..."

We are always very happy to bring new members
to the Association on board. The ship sails
more smoothly, the decks get swabbed more
quickly and the camaraderie grows as many
hands make lighter work!

Welcome to all... to this 2014 season!!

Volunteers include Max who helped restore the sign,
Mary Dow who photographed the bench on the beach
(above) and Alina who offered a poem. Thank you all.

(Continued from page 1)

Cousins... Looking back, to 2008,
Haley DeRoche wrote a poem for this newsletter
about her little cousin who heading to Singapore
and how much she was going to miss her? It's
now 2014, Alina is back (along with her little sister,
Scarlet) and Haley is off- to college.

With Haley too busy to write for us this year, Alina
shared one of her poems. Thank you, Alina and
Haley, enjoy this next experience in your life.

Beach

By: Alina Hardiman

Woosh Woosh
I hear the sea

Clack
I hear the sea shells
It is the summer
We are at the beach

Snap, Snap
AAAH!
We see a crab

The sand is hot
Under our feet
We build sandcastles

Splash, Splash
We see fish

Crunch, Munch
Picnic time
We came running

Splash, Splash
We go swimming again

We build sand castles
again
It is getting late
It is time to go home
We had fun at the beach

We are going tomorrow...
Let's build sandcastles and
see crabs

Splash, Splash
swimming again

Snap, Snap
Ahh!
Crabs again

Swish, Swish
Fish again

We are building a sand
castle again

ZZZZ
We are tired again

William Dow

By Susan Spruce

To say that William Dow is talented is an understatement; to have heard him tell me that he was 12 amazed me!!!

I had heard that he was quite an interesting young man and after listening to him for just a couple of minutes, I was hooked!

William is an avowed outdoorsman. He trout fished a lot with his Mom. His Mom, Mary, would be taking pictures while they were fishing and William tried it out. Lo and behold he asked for and received what he claims was an ordinary cheap camera for his birthday in June 2013— just a year ago, mind you.

He started competing with Mom for who had the best pic. He figured out he was good at it and liked it and liked to be outdoors. Down the road, the D3100 became a Nikon D7000. He explained to me, the uninitiated, it's better built, one can change settings and something about the ISO which affords cleaner, crisper and clearer photos. William also says his interest and talent run in the family as his aunt is also quite an avid photographer.

This is why that history is relevant.

William exhibited his photography in the lobby at the Sea Glass Restaurant on Salisbury Beach for six weeks beginning May 31st.

This is only a year after that first camera if I have the story straight!

His work will also be exhibited in the lobby, front office and library at the Seabrook Middle School where he is a 7th grader.

I might also add that he is an accomplished trumpet player. Recently, in a middle school band competition at the Great East Festival in Massachusetts, his school took home a silver medal!

William loves to be outdoors, to duck hunt, to fish and aspires to go to college to be a fish and game warden. However, his dream of dreams is to live his hobby and his passion as a National Geographic photographer! He informed me he had already done one but "had a wedding to do tomorrow".

Since we only spoke on the phone, I am hoping to meet William in person soon. He is exceptionally and at once humble, self-assured, knowledgeable, interesting, personable and overall pretty remarkable! No doubt he has proud parents and his Mom will have to sharpen her skills to keep up with this kid!

William is already working toward his dream. We wish him all the best life has to offer.

The Plovers arrived right on schedule... end of May. This Plover became the parent of the 4 eggs below.

Guest photographer, Mary Dow sent us this Snowy Owl with the following
 "I took this photo April 1, 2014, after receiving a call from a friend advising me that a Snowy White Owl was at the Yankee Co-op. I thought it was an April Fool's joke at first, but as you can see it wasn't!"

We have amazing sunsets in the Beach Village District and we have amazing advertisers, please patronize them!

The Seabrook Beach Civic Association Beautification Committee

The Beautification Committee aspires to enhance the scenic environment of Seabrook Beach Village District through community involvement and raising environmental awareness.

It also strives to encourage a sense of responsibility in homeowners, residents and visitors to facilitate the creation of a cleaner and more aesthetically pleasing community. Committee members gather together whenever and wherever in the Seabrook Beach Village District work needs to be done to keep the area looking pristine without treading on the toes and job so expertly done by Seabrook's Public Works Department. There are times when the Committee is unable to perform a task and an outside contractor is hired. Contractors then work under the direction of the Beautification Chairperson, David Ritchie.

These folks volunteered and we all enjoy the fruits of their labor: Patricia and Joseph Santomassino planted the flowers along the entrance to the beach at the Hooksett Street entry way and their neighborhood watering team keeps them thriving. David Cleavall keeps the Cargill Memorial on the corner of Hooksett Street and Ocean Boulevard always looking attractive and special while John Starkey and his DPW crew provide help when needed.

Joanne and Roland Jacques along with Gladys Gullezian are the Tilton Street planters and caretakers. While Patricia Stone together with Larry and Ludy Deshler keep the Ashland Street entrance to the beach looking lovely.

Mickie Franz planted and Sheila Bishop, restroom custodian, along with Richard King, Ritchie's Hot Dogs, will help her care for the planters by the public restrooms in the town parking lot. Mickie also planted the flowers in the large planter in front of the precinct building where she and Jess Kalish, co-owner of Seabrook Scooter, will watch over them.

Depending on if you are coming in or going out of the beach district you cannot help but notice the island on 286 and the stunning planters that were filled and are being cared for again this year by Denise Dennis from the 286 Farm Stand.

Homeowners who have adopted paths leading to the beach are Vickie and Peter Mitchell, Michael and Rosemary Jeans, Kevin and Katie Horgan, Peg and Jay Tanzer, Bill Howley and Ann and John Coddaira, the Cadorettes and Don Kerley.

Our Adopt-A-Highway volunteers so far this year are Buz and Mary Couillard, Robert and Colleen Gossett, Don and Maureen Hawkins, Vickie Sawyer and Denise Dennis.

If you would like to be a part of Beautification by "adopting" a section of the road or a path or any other project within the Seabrook Beach Village District, contact David Ritchie at 603-474-8845 or by email at daritchie@comcast.net

**Twass the night before the
Seabrook Amateur Sandcastle Competition**
by the Ciarletta Family

**Twass the night before the Seabrook Amateur
Sandcastle Competition,**
and all through the sea,
not a fish was stirring,
not even a manatee

**The children were nestled
all snug in their beds,**
while visions of sandcastles danced in their heads

**The buckets and shovels
were gathered with care,**
In hopes that the grand prize
Would soon be their's

**Mama grabbed the beach bag
preparing for the competition**
while papa grabbed his cap,
anticipating the summer's annual tradition.

**Outside the house,
arose such a clatter,**
that Papa got up to see what was the matter.

The seagulls were calling for them to awake,
For the contest was starting and they shouldn't
be late.

Come Tony, come Angie, come Kate and Jill,
Come Jovin, come Laura, come Cailen and Phyl.

**To the beach, to the beach, and don't forget
the ball,**
Now dash away, dash away, dash away all.

**They spoke not a word, but went straight to
word**
They dug and they molded and turned with a jerk.

When what to our wondering eyes did appear
But a sand castle, a sand turtle and a fish on a
pier.

I heard them exclaim,
as they walked out of sight,
'See you on July 19th at 11:00AM,
'cause this... is your invite!'

SBCA's Twist on National Night Out
by Susan Spruce

**In conjunction with the
SBCA Annual Sandcastle Competition,
SBCA will be hosting a
"National Night Out"--- in the afternoon!**

If you are not familiar with National Night Out (NNO), it is a program which has become popular countrywide. The goal is to bring communities together.

We live in proximity to each other but are busy with our own lives, often nodding to familiar faces--but not strangers. NNO offers an informal opportunity for neighbors to meet, talk and learn a bit about each other. Recognizing each other, watching out for those around us, helping us to be more aware are ways we can have a more cohesive, caring and safe neighborhood.

At the same time, since it is a community event, we will entertain a police and fire presence and hopefully a cruiser and fire engine that they will let the young children sit in or on as the case may be. If parents so wish, fingerprinting of children will be available.

Refreshments (water, soda and hot dogs) will be available for a small donation beginning at 11:00.

The Board of the SBCA welcomes
 Greg Cunningham and his crew to the beach.

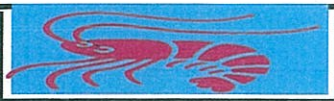

Like the way the green entrance at 286 and 1A to our district looks? We do too. There are very few areas of the beach district that the volunteers of the Association Beautification Committee cannot handle, but there are some. It is for those areas that the Association contracts others to do the work. For the last several years, Jovin' Landscaping had been the caretaker of those areas. Recently, Jovin joined Ground Care Landscaping in North Andover, Massachusetts, and we followed
 Welcome to our beach, Ground Care Landscaping!

What to do...

On the days when the traffic is so bad you don't even want to think about getting in your car and going off the beach, enjoy what the district or just your own neighborhood. Visit a neighbor (even here on the beach we have residents of all ages that could use a friendly visitor now and then) or walk to over to a restaurant (perhaps one you have not tried before) and there are always- water sports !

or just hanging out on the beach

Walton Bridge... 1931 - 2014

Walton Bridge was built in 1931, abandoned in 1982 and purchased by the State of New Hampshire from the Boston and Maine Corporation (Pan Am Railways) in 1996.

The accidents that occurred on the bridge, happened because people did not obey the law to stay off the bridge! That being said, apparently there was one accident too many and a few weeks ago it was announced that the Walton Bridge was indeed coming down!

Several citizens banded together in hopes they could save the bridge, but... the State won and the bridge came down!

Maggie says...

Every year dogs die after being locked in cars. Leaving a dog for even a couple of minutes can be a fatal mistake.

Spread the word, hot cars are dangerous for dogs, children and the elderly too.

Please Read the signs and obey them!

Missy wants to remind everyone that **DOGS MUST BE LEASHED AT ALL TIMES**

And are **NOT ALLOWED ON THE BEACH BETWEEN 8:00 AM AND 6:00 PM**

Dunlap Ice Cream Celebrates 10th Summer

by Susan Spruce

Dunlap's Ice Cream is celebrating its tenth year at Seabrook Beach, but every year has brought new and exciting changes for the business and its owner, Lori Dunlap. The features are fresh and new, like Papa Joe's Fried Dough, an outrageous treat that puts pretty much anything you can imagine on golden fried dough made fresh at the stand every day.

When launching her business career, Lori could have gone in any direction. She went with food, fun and family. Lori, the mother of two boys, looked with her husband, Joe Dunlap, at many locations and they landed on a place where they both had fantastic memories, Route 286 in Seabrook.

"Our best family memories are family time at the beach. That moment you stop to take a break or finish that great day and stop at the ice cream stand with your family and friends is special. We love being a part of that moment in so many people's lives," she said.

Lori bought the stand, which had been an ice cream stand in the past, and went right to work making it her own. In 2007' she started leasing to Tripoli's Pizza, which shares the building.

Lori believes that people are at the heart of any good business. "We love our customers, they are more like friends," she says. Lori and Joe grew up locally and family is at the heart of what they do. Joe's parents were integral in helping to start the business. Joe and Mary Dunlap spent every summer at the beach with their family. They have both passed away, but their memory is right at the core of daily operations at the stand.

Papa Joe's Fried Dough is named for the family patriarch. "Our dad had the biggest heart. If he could get every kid on the beach an ice cream sundae, he would. He was Papa Joe to everyone who knew him, and he's the inspiration for our favorite treat. We hand make the dough every day, and even though it's delicious by itself, in true Papa Joe fashion, we had to top it. We put toppings on that are truly mouth-watering. Peanut butter and jelly, Boston Crème, traditional sugar and cinnamon and our absolute favorite, a full ice cream sundae, you can't lose," said Lori. Mary Dunlap was a big fan of the specialty sundaes, which include brownie sundaes, strawberry shortcake sundaes and Spanish peanut parfaits. Lori's family, from nearby Bradford, Mass., are

also huge supporters of the business as are the Dunlap boys Joe and Jake, who help out when they aren't busy with school and their first love, hockey.

Favorite Features: Homemade soft serve, including black raspberry and coffee arrived just in time for Memorial Day.

Papa Joe's Fried Dough with four amazing toppings - Traditional cinnamon and sugar, peanut butter and jelly, Boston Crème, Honey and Walnuts and their absolute favorite, ice cream sundae. There are brownie sundaes, strawberry shortcake sundaes, Peanut parfaits. There is a full selection of delicious hard ice cream. You can mix any toppings into the Dunlap's Typhoon, best frappes anywhere.

And, You can take them home! Choose from ice cream Dunlap Bars, sandwiches and homemade ice cream cakes, perfect for graduation parties, birthdays, mid-summer celebrations, Labor Day and every day cookouts.

Dunlap's uses the finest ingredients and buy locally as much as possible.

..... Like them on Facebook to learn about specials at Dunlap's Ice Cream

.....Follow them on Twitter @dunlapsicecream #scoopingsmiles

What do they do?

They scoop up smiles and make memories

The Seabrook Beach Civic Association and the Annual Family Day/Sand Castle Competition Committee would like to thank the owners of Dunlap Ice Cream for the many years of support given the summer event. Watching the participants run towards their families excitedly waving their coupons in the air never grows old. Thank you.

Denise Dennis, A Sequel

by Susan Spruce

In last year's newsletter, I wrote a story about Denise Dennis and her community spirit. This was my opening paragraph: "Denise Dennis is, in her own words, 'passionate about food, flowers and books.' After spending time with her, I added people, giving, loving and more giving! This year she's back and giving even more.

For those who don't know, Denise manages the Farm Stand on Rt. 286 here in Seabrook. As those who live here already know, it's not an ordinary farm stand! She prides herself on searching out the freshest local, regional and global produce available ...every day! And Denise does emphasize, and re-emphasize, she sells QUALITY!

This year, actually in May, she has added a new dimension to her business. The 'pay it forward' program will be about adding memberships. Unlike other CSA's which limit product availability, Denise says, you, the consumer will be able to choose what you want, how much you want and when you want it! As a member, you will enjoy discount prices a minimum of 10% on purchases. There will be members' only weekly specials. Members will be able to order online at the website www.getmyproduce.com and even have their order delivered for a small fee.

Here's where the 'pay it forward' 50/50 promotion comes in. If a member donates money to our local pantries in any \$5 increment up to \$50, he/she will receive coupons worth that same amount to spend at the farm stand. The three primary recipients of this food are the St. Vincent food pantry in Hampton which serves meals and provides emergency foodstuffs to people in the area in critical circumstances, the Community Table in Seabrook which serves meals to 35-40 people three times a week, and the Our Neighbors' Table food pantry in Amesbury, MA. No small task!!

Denise is hoping that by increasing customer volume and therefore product through these memberships, she will be able to donate even more food to local food pantries and programs in Southern NH and Northern MA. Last year the farm stand donated over \$20,000 of produce.

Denise says by supporting one another and those

in need with fresh produce is how The Farm stand and Get My Produce Membership can help. Her attitude and energy are amazing!

I must not end this without thanking Denise, again this year, for the donation and diligent care of the lovely flowers and pots which welcome us as well as visitors at the lights at Rt. 286. They are a delight and we are most appreciative!!

Opening day at the farm Stand was June 20. Stop in to meet and speak to Denise, pick up a brochure to learn more about 'paying it forward' and enjoy some of her produce and homemade goodies.

Oh, yes! If you know someone in need or have ideas or ways to help others, share them with Denise. She's a 'make it happen' lady!

Seabrook Fire Department's Seth Coleman

by Susan Spruce

We would like to introduce you to Seabrook Fire Department CPR Instructor, Seth Coleman. We are pleased to announce that Seth Colman will be the guest speaker at the July 21st Seabrook Beach Civic Association meeting discussing CPR techniques as well as qualifying those interested in receiving CPR Certification.

Seth came to Seabrook from Vermont where he grew up on a farm. He met his wife, Nichole, and moved to the coast eleven years ago settling in Seabrook to pursue a fire career. Residency is a requirement for a fireman in Seabrook. As he continued on after having received his degree in health science, he took classes to become an EMT (Emergency Medical technician), more advanced classes to become an EMS (Emergency Medical Services) ultimately becoming a paramedic three years later!

Seth explained, and I found it interesting, that in New Hampshire, a paramedic, when on the road, has the similar capacity to that of an RN in that he is able to make treatment decisions on his own. Imagine the time and lives this can save!

Seth's been a paramedic for seven years but as a fireman dedicated to his career and the public he serves, he has continued on with his degree to quality as an instructor. This again has required many more practical hours and classes. This is a huge commitment and the town fortunately pays up to \$10,000 toward a fireman's schooling, as well as covering his shift, while he is fulfilling his school clinical requirements on a given work day.

In addition to his 'on land' fire duties, Seth would like to see the town purchase some reliable beach rescue vehicles for the water. That sounds like a good idea as we are surrounded by swimmers, paddlers and fishermen! We all stand to benefit from Seth's interest, ambition and fortitude!

One more mention: on the side, Seth also owns Coleman fence, a company he started with a friend in Boston. With the dependability of his department schedule of 24 hours, three days off his two jobs blend and work well.

Seth, thanks for volunteering for the Seabrook Beach Civic Association! Looking forward to seeing you on the 21st..

This beach pathway was so steep a hand rail needed to be added.

Artist Janet Labrecque' to Host Open House
by Susan Spruce

Dates: July 26 & July 27
Time: 1:00 – 5:00

Place: 4 Dracut Street Seabrook, NH

A popular beach artist, Janet Labrecque, will host an open house on Saturday, July 26, and Sunday, July 27, from 1:00 PM – 5:00 PM at her home— 4 Dracut Street in Seabrook, New Hampshire.

Janet will be displaying many of her paintings while focusing on her those from her most recent workshops in France and Italy and her watercolors depicting New England.

Janet has been painting for the past 15 years and has taken watercolor workshops in Cape Cod, Monhegan Island, Boothbay Harbor and Naples as well in areas of France and Italy.

Stop by to view Janet's work. You may discover you have a perfect place for one of them in your own home. You will be very impressed- I was.

Shown in Italy are Ray Chervinsky and Janet Labrecque

Local Hot Dog History

by Susan Spruce

I hope each of you will have or take an opportunity to visit with Richie who hangs in our Seabrook parking lot on the harbor on Rt. 1A. Not Fenway--but hey!

Richard (Richie) King owns the hot dog wagon and business "Richie's Hot Dogs" but also sells burgers, sausage and lobster rolls. I had fun learning the history of his 'spot' over there and it is quite a saga at that.

Ritchie is in his 6th year as owner and operator. He bought the wagon from Eddie Brinkman who ran it for 4 years and Eddie had bought it from the original and first owner, Bucky.

Confused?

The story starts with Bucky. Lifelong Seabrook resident, Ivan Eaton, so Richie explained, issued the first operator's permit to Bucky who sold hot dogs right at that same spot for what Richie remembers as 16-18 years! Today, Richie owns that very same wagon!

He still serves the same Kayem hot dogs as did his friend Bucky and still serves some of those original customers--"lots of repeat customers" he claims and many who are just "stuck in traffic"!

This is a great 'second and third career' story. Richie, at 16 yrs. old, along with his father and older brother, started their own trucking company.

After 50 years of driving a truck, he retired in 1996. Not one to sit still, Richie drove a trolley for six years in Hampton for Tommy Higgins.

He subsequently bought his own (maybe one of Tommy's) and trolleyed for three more years. It is an understatement to say he enjoys being busy!

Richie is parked and ready to go "most days" April through October from 10:00AM to 5:00 or 6:00 PM --"God willing"! We wish him many more healthy profitable years.

To Richie, thanks, for helping with our flowers! Richie along with Shiela Bishop assist Mickie in caring for the flowers planted in pots at the harbor parking lot.

It's A Busy Place

By Susan Spruce

"A Busy Place"--that's how Sheila Bishop describes where she works! It is Sheila's 11th year as Custodian at Seabrook Beach's public rest area.

Sheila was born in Seabrook and has lived here all her life. Her 5 children and 8 grandchildren live in the area so no wonder after working at various jobs including shoe shops and clamming in the past, she is happy with her 'part-time' job close to home at Cross Beach.

Supposedly this friendly lady works a six hour day but as she has her own reserved parking space she happily spends much more time than that, 'hanging out' and 'being there anyway', to make sure the area doesn't suffer any untoward problems. To be honest, she has the best view around and is most often surrounded and entertained by the many area people buying hot dogs, visiting, and heading to the beach. The rest area is open from Memorial Day in May until the middle or end of September depending on the weather from 8:00AM until around 7:00PM.

When Sheila encounters something she can't handle, she calls "the guys". That references the men who work at the Seabrook Department of Public Works.

She recounted the night she walked into the men's room to clean and the sink was totally twisted so that the faucets were on the front side! Call "the guys"!

When she cleans the men's room, Sheila usually locks the door. One night a couple of men, 'who had a few drinks under their belts', started pounding on the door. When they couldn't open the door, she heard one say "Go get the crowbar. We'll take the door off"!!

Needless to say a scared Sheila opened the door very quickly!

The harbor is right at Sheila's fingertips

In the Seabrook Beach District...

children can be seen waiting on benches for their friends from last summer while their parents sit nearby and watch.

Along with Officer Deshaies, you are apt to see "the always with a smile", Animal Control Officer Jeffrey J. Baillargeon.

If not, and you need an officer, call (603) 474-5200.

Thank you, Chief Bitomske,

We do appreciate all our officers and have noticed their presence and availability in the beach district.

A New Business at the Beach- Scooter Rental

By Susan Spruce

Nick Anzalone has lived and worked at Hampton Beach for three years. His family owns Oceanfront Gaming on Hampton Beach.

Being young, ambitious and energetic, he, along with his girlfriend, Jess Kalish, decided to do something that was just theirs---and, voila!---Seabrook Scooter Rentals.

His idea to start the business came from the vacations they had taken where they had seen tourists, including themselves, enjoying leisurely, fun rides.

Nick and Jess are excited to be their own bosses! Jess says it's fun and they are happy not to have to answer to anyone else although she does find it a bit stressful.

There are both new and used scooters for rent; ten 2-seaters and six 1-seater mopeds/scooters

Rentals are by the hour. To rent a scooter you must be 18 yrs. old with a valid license and a major credit card. Passengers must be at least 7 years old or 54" tall.

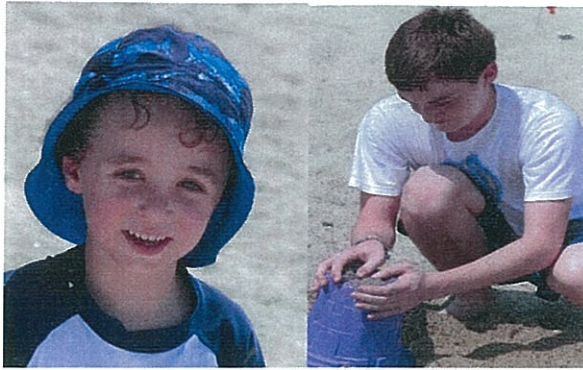

Since they have contracted to rent the beach district precinct building year round, Nick and Jess plan on selling scooters at the end of the summer season and over the winter will develop plans for a retail sales business as well as a way to expand their summer rental endeavor.

Welcome to the Seabrook Beach Village District

A customer is waiting...

Good Luck, Jess and Nick!

Amateur Sand Sculpture Competition
 Seabrook Beach Civic Association
